

VOYAGE CONTROL - LOADING DOCK **MANAGEMENT SYSTEM AT MTCC**

The MTCC has introduced a loading dock management system for booking a loading dock time powered by Voyage Control.

This complimentary service helps you to reserve a time slot for moving your materials directly in/out of the MTCC loading dock. This seamless loading dock management system not only saves you time, but also helps reduce CO2 emissions in the local area.

The Exhibitor Manual will have move in dates, times and location (coming soon); **the MTCC Loading Dock Management System is available for Move-In and Move-Out and will be open to accept registrations four weeks prior to your move in date.**
